LAW ENFORCEMENT SENSITIVE

Sheriff, et al,

There has been no new information sent to me concerning this threat since early June. While I continue to review my holdings and open source information, there are no new developments or tips/leads that I can analyze or process to assist in the investigation, absent additional information obtained from subpoenas or follow-up investigations.

On that note, I did find the following open source article (unknown if it is connected to the individual(s)/group that conducted the earlier threats). I have not identified any additional, similar events via open source research.

3(B)

This investigation may be related to the string of threats, but I am unable to assist without the additional information.

I am unaware if the nationwide bomb threat series has moved into the FBI for consolidation/charging or whether each jurisdiction/state are moving each instance forward independently.

If you have moved your investigations forward in any way, please provide an update so I can determine where/what else is needed to assist each of you.

I will be away from my desk today, but back tomorrow.

Thank you in advance.

Hi Jan,

Hope all is well.

I had thought I sent an email yesterday doing a formal request for training on June 22nd here at our PD, but I can't find it.

I want to apologize, as I know you wanted me to CC someone else at the WSFC in the email request.

Can you give me that email address again?

There's at least 10-15 people that are wanting to attend, and that's just from other PDs in the area.

I'm reserving the classroom today.

Thanks,

Mike

Good morning,

Just a reminder for the upcoming Open Source class:

When - Thursday June 22nd (0900 – 1100)

Where – Gig Harbor Civic Center, 3510 Grandview St (TRAINING ROOM CLASSROOM A/B)

Option to bring – laptop, preferably charged (if not there's minimum outlets on the floor)

WIFI – free by the city though has an attitude at times

PARKING – It's not a court date so there should be plenty of parking out front near the flag pole. The gates for the PD lot will be open for parking as well but please pay close attention to the attached map of where not to park (RED – no parking , BLUE - good to go). And of course no on the fire lanes as well.

There will be signs once inside the Civic Center directing you to the classrooms.

I may not have everyone's email so please forward to whomever I may have missed in this email.

Thanks, and see you there,

He spent some time in isolation based off of his not being able to get along with others, but later was moved to general population as a minimum security inmate.
